

# ISO27001 Information Security Standard

Wren Kitchens is committed to achieving the highest standards of excellence. Our customers experience our pursuit of excellence in the quality of our product and the service we deliver.

We are committed to safeguarding the information entrusted to Wren by its customers and staff, ensuring any information is securely and effectively managed through our adoption of the ISO27001 Information Security Standard.

Wren will focus on proactively operating a risk-based information security management system (ISMS), which is a systematic approach to managing sensitive company information. The ISMS encompasses our people, processes and systems in establishing and maintaining suitable security controls, within a continuous improvement framework – to protect the confidentiality, integrity and availability of data.
